

Saint Jo Independent School District is needing to file Form 471 Cat 1. The representative from the school district failed to add that form and have it certified before the filing window closed. This contract is a continuation from the previous year and since it was not something new to the district, the contract was left off. Julie Kline is the person responsible for this error and will be willing to discourse with whomever for the prospect to make sure SJISD will be funded during the course of this contract.

We are asking for the opportunity to add the Category 1 to our Form 471. Please feel free to contact Julie Kline at 940-995-2668 ext. 242

Attached is the contract to Saint Jo ISD's internet provider, Nortex Communications.
